

A Comparison of the Current and the New Academic Structures

Benefits of Change

- One public examination → ➤ Increasing learning time and space and enhancing learning effectiveness
- All students study through to S6 → ➤ Meeting challenge of knowledge-based society of Hong Kong
- Breadth and depth of senior secondary education (diversification) → ➤ Developing the full potential of students with different learning aptitudes and interests
- Smoother pathways for further study and work → ➤ Providing opportunities for young people to engage in study and/or work
- 4-year university programme → ➤ Providing a more comprehensive and balanced education
