

University Entrance Requirements under NSS:(Announced in July 2006)

- Most university programmes require 4 core subjects + 1 elective subject (specified/ unspecified), some programmes require 4 core subjects + 2 elective subjects (specified/ unspecified)
- Students taking two science elective subjects would have room to take the third elective from other KLAs

University Entrance Requirements under NSS:(Announced in July 2006)

- There will be sufficient university places under the double cohort year in 2012 for students of the existing system and the NSS system (i.e. **14,500** for **each cohort**). There will be **No Competition** for university places between S7 students of the existing system and S6 students of the new system.
- The Government has reserved funding to support the development of new curriculum and enhance facilities at universities, e.g. hostel, library, canteen.
