

# Learning and Teaching Resources

- Parents could obtain information about NSS textbooks from EDB's 'Recommended Textbooks List' (available from August 2008).

- Textbooks are **not** the **only** learning resources since learning also takes place beyond textbooks and the classroom, through a diversity of learning experiences and materials. Schools may use multiple strategies and resources (e.g. print, multi-media, internet, community resources, etc.) in learning and teaching.
